Expert teachers for **bright students**

## **What is TalentEd?**

TalentEd is a registered charity that brings together expert teachers and bright students from low income backgrounds. Our qualified teachers support small groups of 4-6 bright students to improve grades and future options.

Every young person should have the support, skills and aspirations to realise their potential. Sadly, this is not the case for young people from low income areas in the UK and educational inequality is highest amongst the brightest students.

## **How can you help?**

TalentEd is currently recruiting qualified teachers for our existing programmes with bright year 10 students across England. Our existing programmes are not subject specific; instead, students develop self-awareness, study skills, aspirations and the ability to pursue future options through an exciting programme of varied, carefully planned tasks and reflection.

We are also recruiting for pilot programmes supporting different age groups in new locations. Our pilot programmes with other age groups cover different material including revision, exam preparation and subject-specific work.

Sessions run for either 1 or 2 hours after-school every week.

For more information about the programmes and the charity's impact, please visit our website or contact a member of our small central team on 020 3544 2090.

## **Responsibilities and Commitment**

- Support a small group (4-6) of bright students to achieve the outcomes of the TalentEd programme (improved GCSE grades and future options)
- Commit to supporting your small group for the duration of a programme by attending weekly 1-2 hour sessions during school term-time
- Plan and deliver challenging sessions, either using TalentEd's resource bank or your own materials
- Report weekly on students' progress via a short online form
- Participate in training and appraisals provided by TalentEd
- Liaise with central team by email and phone
- Meet safeguarding requirements

## **What's in it for you?**

- Get paid to use your experience and qualifications to tackle educational inequality
- Build a relationship with the same 4-6 pupils over the duration of a programme and support them to develop the skills and aspirations to realise their potential
- Teach without the pressures of lots of planning, reports and data management.
- Experience challenging and stretching bright students
- Experience working with small groups
